PROFILE

Junior graphic designer with a background in architecture and urban planning. Creating brand identity, packaging, editorial design, and illustrations using Adobe Illustrator and Figma. Seeking an entry-level graphic design role.

SELECTED DESIGN PROJECTS

Independent concept projects | 2026

Milk Wrangler — Brand Identity & Packaging

• Developed an ice cream brand concept and a coordinated packaging system for six flavors, including a logo, cow mascot, character illustrations, and patterns.
• Created product presentations using mockups and AI-assisted imagery.

MÈG — Pottery Studio Brand Identity

• Designed a visual identity and supporting materials for a pottery studio, including email flyers, digital banners, social media graphics, and printed wrapping paper.
• Applied the identity to studio and merchandise mockups to show how the brand works across different settings.

Miami Art Guide — Editorial Design & Illustration

• Designed an illustrated A5 guide exploring Miami's history, architecture, plants, and cultural influences.
• Developed page layouts, typographic hierarchy, and a consistent illustration style across four chapters.
